To E3 Displays Customers:

Subject: RoHS

REACH
Conflict Materials
California Proposition 6
POP

E3 Displays LLC products are certified to meet the reporting requirements for the items below.

RoHS: E3 Displays LLC hereby certifies that its products comply with the EC Directive 2011/65/EC on the Restriction of Hazardous Substances commonly under RoHS 3.

Cadmium (Cd): < 100 ppm
Lead (Pb): < 1000 ppm
Mercury (Hg): < 1000 ppm
Hexavalent Chromium: (Cr VI) < 1000 ppm
Polybrominated Biphenyls (PBB): < 1000 ppm
Polybrominated Diphenyl Ethers (PBDE): < 1000 ppm
Bis(2-Ethylhexyl) phthalate (DEHP): < 1000 ppm
Benzyl butyl phthalate (BBP): < 1000 ppm
Dibutyl phthalate (DBP): < 1000 ppm
Diisobutyl phthalate (DIBP): < 1000 ppm

REACH: E3 Displays LLC hereby certifies that its products and packaging do not contain any Substance of Very High Concern (SVHC) currently on the candidate list above the threshold limit as defined by Article 33 as of 31 December 2021, or any substance restricted in Annex XVII of EU Regulation (EC) No. 1907/2006 on Registration, Evaluation, Authorization, and Restriction of Chemicals (REACH). E3 continues to monitor the addition of substances and provide analysis when necessary or thought to be of concern.

Conflict Minerals: E3 Displays LLC takes its responsibility as a global partner very seriously. We continually work with our supply chain to ensure that we maintain the policy of not supporting Conflict Mineral suppliers, by confirming with them that their sources of raw materials, especially Tantalum, Tungsten, Tin, and Gold, are not sourced from any Conflict Regions, such as Democratic Republic of Congo, or adjoining countries. Compliant to requirements of CMRT 6.10.

California Prop 65 Regulations: passed via the Safe Drinking Water and Toxic Enforcement Act of 1986. E3 Displays complies with and conforms with the published listing of materials known to cause cancer.

POP: (Persistent Organic Pollutants): No materials or products by E3 Displays contain chemicals that may be directly discharged into the water supply or food chains over time.
